Beautiful geometric designs form the crystalline objects of nature.

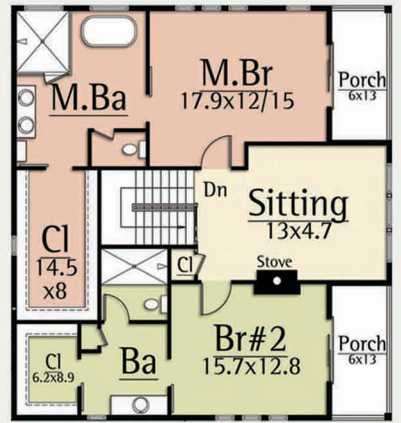

The Crystalline by MossCreek is a beautiful modern geometric design that features gracious open living and a second structure that can be used as a guest house or home office.

The main level has an open Living/Dining/Kitchen area that keeps family and guests together. An Office/Br on the main level provides a multitude of options.

The upper level features a spacious master suite and second bedroom suite. A central sitting area with large view glass completes the feel of this contemporary mountain home.
